SOCIAL SECURITY TAX BASE CHANGES JANUARY 1

The 2004 contribution rate will remain at a total of 15.3 percent. The tax rate for both employees' and employers' shares for 2004 will be 7.65 percent (6.2% of Social Security and 1.45% Medicare).

We further understand that the maximum amount of earnings that will be subject to Social Security contribution will be raised from \$87,000 to \$87,900 effective January 1, 2004.

Please contact the Internal Revenue Service at 1-800-829-1040 if you should have any questions on this matter.

NEW FEDERAL MILEAGE RATE

It is our understanding that effective January 1, 2004, the Federal mileage rate will raise from 36 cents to 37 and ½ cents per mile. The State rate for mileage is 28 cents per mile.

CANCELLATION OF WARRANTS – OLD OUTSTANDING CHECKS

Pursuant to IC 5-11-10.5, all checks outstanding and unpaid for a period of two years as of December 31 of each year are void.

Not later than March 1 of each year, the clerk-treasurer shall prepare or cause to be prepared a list in duplicate of all checks outstanding for two or more years as of December 31 last preceding. The original copy shall be filed with the city or town council and the duplicate copy maintained by the clerk-treasurer of the city or town. The clerk-treasurer shall enter the amounts so listed as a receipt to the fund or funds upon which they were originally drawn and remove the checks from the list of outstanding checks. If the fund from which the check was originally drawn is not in existence or cannot be ascertained, the amount of the outstanding check shall be receipted into the general fund of the city and town.

ENCUMBERED APPROPRIATIONS – BALANCE AVAILABLE

With the opening of a new budget year and a new set of ledgers, it is to the advantage of a municipality to review the unpaid purchase orders and contracts which remain on the ledgers as "encumbered."

Unpaid purchase orders and those items under contract are to be added for each appropriation account and the total carried to the new 2004 corresponding account. The actual unpaid amount of the purchase orders or contracts should be totaled and shown as a separate amount on the appropriation ledger sheet for 2004, with proper explanation, and added to the 2004 appropriation for the same purpose. By properly carrying out this procedure, the 2004 budget will not be expected to stand any expense not anticipated in making the budget.

We suggest the proper officials of the city or town make a listing of these encumbered items and make it part of their minutes in their last business meeting of the year. The Department of Local Government Finance should be sent a copy of the listing.

Keep in mind the appropriations encumbered and carried forward can be used for no other purpose other than the purchase order or the contract for which they were appropriated.

YEAR END DUTIES – OUTGOING OFFICIALS

Outgoing city controllers and city and town clerk-treasurers should completely post and balance their records before turning them over to their successors on January 1, 2004.

If there are any securities and undeposited cash in the office on December 31, they should be inventoried and/or counted and the new controller or clerk-treasurer should sign a receipt in triplicate to be attested by the outgoing officer. One copy should be mailed to the State Board of Accounts with the outgoing controller or clerk-treasurer and his successors each receiving a copy. Any cash change fund should be returned to the fund from which it was advanced on or before December 31. In the event one of the officers is not available, we suggest a disinterested third party be invited to witness the inventory or cash count and this individual should attest to the receipt. (Example of such officials would be the Mayor, City Police Chief, Town Council President, Town Marshal, etc.)

YEAR END DUTIES – OUTGOING OFFICIALS (CONTINUED)

We also suggest the outgoing officer prepare in triplicate an itemized inventory of equipment in the office at December 31 to be signed by the successor and attested to by the outgoing controller or clerk-treasurer. Disposition of copies should be the same as outlined in the preceding paragraph.

As a matter of good business practice, the outgoing controller or clerk-treasurer should prepare and give to the new officer a list of reports that must be filed in January and February of the new year. The outgoing official should offer his/her assistance in preparing such reports and in reconciling the depository accounts for the end of the year.

Among the reports that may be required to be filed by your unit are: Withholding Tax, Social Security, Public Employees' Retirement Fund Contributions, Utility Receipts Tax, Sales Tax, Annual Report, Utility Report to Utility Regulatory Commission, Annual Report to the Common Council, Annual Operational Report of Motor Vehicle Highway Fund, Report of Names, Addresses, Duties, and Compensation of Public Employees, Accounts Payable at December 31, and Capital Assets at December 31.

FORMS PRESCRIBED BY THE STATE BOARD OF ACCOUNTS

Some computer hardware, software and application systems can produce exact replicas of the forms prescribed by the State Board of Accounts and documented in the Accounting Manuals which this agency provides to governmental units. In addition, some of the prescribed forms are currently replicated on continuous, preformatted computer paper.

The State Board of Accounts prescribes the required accounting system forms, but does not specify the source from which forms must be obtained. Therefore, the State Board of Accounts will not take exception to the use of forms created by computer printer or utilizing continuous form computer paper. These exact replications must be identical to the prescribed forms on format, titles and locations of data. These exact replications of prescribed forms are not required to be submitted to the State Board of Accounts for approval and each form should be identified as **“FORM PRESCRIBED BY STATE BOARD OF ACCOUNTS”** in the same location as it is printed on the most recent revision of the prescribed form.

The use of computer generated prescribed forms should be brought to the attention of the Field Examiners during the next regularly scheduled audit. The forms and the computer system operating the forms are subject to a technical computer audit based upon the results of the Field Examiners' risk assessment.

ANNUAL OPERATIONAL REPORT OF LOCAL ROAD AND STREET OPERATIONS

Indiana Code 8-17-4.1 requires an operational report shall be prepared by all cities and towns having a population of 20,000 or more with road and street responsibilities. The report shall be prepared on forms prescribed by the State Board of Accounts and must disclose all information considered necessary to reflect the financial condition and operations of the department.

A copy shall be filed with the State Board of Accounts, the governing body of the municipality, HERPICC and the Planning Division of the State Department of Transportation by June 1 of the year next following the operational report year. The report shall also be made available to the public and to the press.

ANNUAL OPERATIONAL REPORT OF LOCAL ROAD AND STREET OPERATIONS
(Continued)

The annual operational report shall be prepared and filed on City and Town Form No. 225. A copy of the report will be furnished to all affected city and town officers by the State Board of Accounts. Public Law 173, Acts of 2003, requires the State Board of Accounts to prescribe a more streamlined report that will ease the preparation of the report. The new report format will be mailed to city and town fiscal officers in January 2004.

DUNS NUMBER REQUIREMENTS

Beginning on October 1, 2003, all federal grant applicants must have a Dun and Bradstreet "DUNS" number (DATA UNIVERSAL NUMBERING SYSTEM) to apply for or renew grants or submit plans under mandatory grant programs. The DUNS number will be required regardless of whether the applicant is submitting a paper application or electronically filing through the new e-grants web portal: www.grants.gov. The identifier will be used for tracking purposes, and to validate address and point of contact information. A universal identifier also eliminates the need for separate identification numbers in different federal agencies.

A DUNS number can be obtained by calling Dun and Bradstreet's toll free number at 1-866-705-5711 or 1-800-234-3867. A number may also be obtained on-line at www.dnb.com/us/duns update.

RAINY DAY FUND – SUPPLEMENTAL CAGIT, COIT AND CEDIT DISTRIBUTIONS

Public Law 267, Acts of 2003, changed the method of distributing CAGIT, COIT and CEDIT revenue. IC 6-3.5-1.1-21.1, IC 6-3.5-6-17.3 and IC 6-3.5-7-17.3 state that if the Department of Revenue determines that an excess of the amounts required to make distributions of CAGIT, COIT OR CEDIT exists, such excess shall be distributed in a supplemental distribution in January of the ensuing budget year. Any supplemental distributions received shall be deposited in the city or town's rainy day fund.

TRANSFER OF APPROPRIATIONS

A city or town council may approve the transfer of money from one major budget classification to another within a department or office if the transfer is determined to be necessary, does not require the expenditure of more money than the total amount set out in the budget as finally determined, and the transfer is approved at a regular public meeting and by proper ordinance or resolution. The transfer may be made without notice and without the approval of the Department of Local Government Finance. (IC 6-1.1-18-6)

APPROPRIATION OF INSURANCE CLAIM PROCEEDS

The fiscal officer a political subdivision may appropriate funds received from an insurance company if: (1) the funds are received as a result of damage to property of the political subdivision; and (2) the funds are appropriated for the purpose of repairing or replacing the damaged property. However, the funds must be expended to repair or replace the property within the twelve month period after they are received. (IC 6-1.1-18-7)

DORMANT FUND BALANCES-TRANSFERS AUTHORIZED

IC 36-1-8-5 gives city and town councils authority to order the transfer to the general fund or rainy day fund any unused and unencumbered balance in any fund raised by a general or special tax levy, the purposes of which have been fulfilled. This action may be taken by a city or town council at any public meeting.

IC 36-1-8-5 states in part:

“(a) This section applies to all funds raised by a general or special tax levy on all the taxable property of a political subdivision.”

“(b) Whenever the purposes of a tax levy have been fulfilled and an unused and unencumbered balance remains in the fund, the fiscal body of the political subdivision shall order the balance of that fund to be transferred as follows, unless a statute provides that it be transferred otherwise,...(2) Funds of a municipality, to the general fund or rainy day fund of the municipality.”

MERRY CHRISTMAS

In reflecting back over the past years, we have all been faced with many new problems and difficult decisions. Some of those problems have been resolved while many still remain for us to find solutions. We extend, as we have in the past, our sincerest efforts for cooperation on a joint effort to resolve those problems in our area of expertise.

We extend our thanks for the tremendous cooperation and assistance afforded our audit staff and this Board throughout this year in an effort to improve audit efficiency. From each of us and our staff to each of you and your staff, we send our best wishes for the holidays and our sincere wishes for a prosperous and happier new year.

RATES for LEGAL ADVERTISING

Effective January 1, 2004

The following rates, effective January 1, 2004, were computed based upon the statutorily authorized 5% maximum increase allowed by P.L. 64-1995. Any percentage increase other than the 5% will require a separate computation by the State Board of Accounts. Any publisher that has not chosen to increase rates at all will continue to use the rate schedule that was effective January 1, 1988.
